**Home Education – Summer 1 – weeks 1 & 2**

Construction, Design Technology, Information Technology

Lots of people are making rainbows now to keep everyone feeling happy! There are ideas on this website for **talking about colours, mixing** and **exploring.** If you have paints at home that is fantastic but you could do the same with pencils, crayons or different coloured objects.

Make a den! This is such a fun activity to do at home. Be as creative as you can but remember to be safe and check with the adults who live with you first 😊 Here are some ideas to help you: https://www.wikihow.com/Make-a-Blanket-Fort

Build a paper rocket launcher with everyday materials from home. The Institute of Imagination website has videos and instructions to help you:
