Little Wandle Letters and Sounds Revised 2021: Programme progression

Reception and Year 1 overviews

This programme overview shows the progression of GPCs and tricky words that we teach term-by-term. The progression has been organised so that children are taught from the simple to more complex GPCs, as well as taking into account the frequency of their occurrence in the most commonly encountered words. All the graphemes taught are practised in words, sentences, and later on, in fully decodable books. Children review and revise GPCs and words, daily, weekly and across terms and years, in order to move this knowledge into their long term memory.

Children need to learn to read as quickly as reasonably possible, so they can move from learning to read, to reading to learn, giving them access to the treasure house of reading. Our expectations of progression are aspirational yet achievable if schools maintain pace, practice and participation by all children. Children who are not keeping-up with their peers should be given additional practice immediately through keep-up sessions.

Spelling

- Say the word.
- Segment the sounds.
- Count the sounds.
- Write them down.

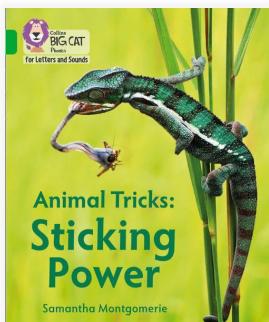

How do we teach reading in books?

Reading practice sessions are:

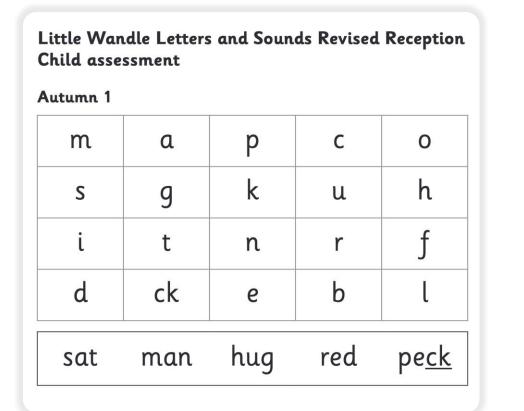

- timetabled three times a week
- taught by a trained teacher/teaching assistant
- taught in small groups.

We use assessment to match your child the right level of book

Reading a book at the right level

This means that your child should:

- Know all the sounds and tricky words in their phonics book well
- Read many of the words by silent blending (in their head) – their reading will be automatic
- Only need to stop and sound out about 5% of the words by the time they bring the book home – but they should be able to do this on their own.

Reading at home

The most important thing you can do is read with your child

Reading a book and chatting had a positive impact a year later on children's ability to...

- understand words and sentences
- use a wide range of vocabulary
- develop listening comprehension skills.

The amount of books children were exposed to by age 6 was a positive predictor of their reading ability two years later.

Listening to your child read their phonics book

- Your child should be able to read their book without your help.
- If they can't read a word read it to them.
- Talk about the book and celebrate their success.

Read to your child

The shared book is for YOU to read:

- Make the story sound as exciting as you can by changing your voice.
- Talk with your child as much as you can:

 Introduce new and exciting language
 Encourage your child to use new vocabulary
 Make up sentences together
 Find different words to use
 Describe things you see.

One of the greatest gifts adults can give is to read to children
